***WiSACWIS Reports:
State-Generated Reports Breakout
11/15/04 PAW/TAW Session***

Overview of Key State Reports

1. Federal Outcome Reports
 - Report Types
 - Report Distribution
 - Report Maintenance
2. Program Enhancement Plan Progress Evaluation Reports
 - Report Types
 - Report Development
 - Report Distribution
3. BMCW Program Management Reports
 - Report Types
 - Report Modification
 - Report Distribution

Process for Report Development, Validation and Maintenance

1. Analysis- Feasibility and Specifications
2. Design
3. Development
4. Acceptance Testing
5. Production
6. Maintenance

Critical Areas of County/State Collaboration

1. Design- Report Content and Functions
2. Acceptance Testing- Report Design and Data Quality

Timeline for Upcoming Design and Testing Initiatives

Conclusion and Volunteer Sign-Up

***WiSACWIS Reports:
Local Report Development and Use Breakout
11/15/04 PAW/TAW Session***

Local Process for Report Development

1. Process for Report Design, Development, and Maintenance
2. Involvement of Program and Technical Staff in Report Process
3. Use of Common Definitions

Key Resources for Report Development

1. Use of the WiSACWIS Ad Hoc Reporting Process
2. Ability to Use MS Office Tools (esp. EXCEL)
3. Ability to Use Reporting Tools
 - County REPL Database
 - SQL/PL SQL, etc.
4. Ability to Use eWiSACWIS Data Dictionary for Report Design

Supporting Current County Report Development Efforts

1. Questionnaire
2. Ideas for Sharing Reports
